

Ladies and gentlemen,

Sakarya University of Applied Sciences will organize an international online exhibition titled “The Turkish Independence March and Mehmet Akif Ersoy” on 12.03.2021.

The purpose of the exhibition is to understand our struggle for liberation and independence; moreover, to commemorate the day our Independence March was accepted and the author of our Independence March, Mehmet Akif Ersoy.

In this context, it was decided to organize an international group exhibition in order to make the spirit of Asım's generation, which Mehmet Akif Ersoy mentions in his lines, more visible. The exhibition is planned to be held online due to the Covid-19 outbreak. The exhibition is a group exhibition with an international jury and participation conditions are given in the attachment.
